Can you believe it's already March! There are so many things to look forward to this month such as the start of the much anticipated Spring season, St. Patrick's Day, Daylight Saving Time, March Madness and more! Check out below for a few fun and local events for your family to enjoy.

- Alexandria St. Patrick's Day Parade- Mar 4. at 9:30am- The parade starts at the intersection of Alfred & King Streets and will run along King.
- National Shamrock Festival- March 11 from 1pm-9pm.- Enjoy a day of family fun with more than 50 live bands at the RFK Stadium.
- National Cherry Blossom- March 20 – April 16. See the beautiful blossoming of thousands of cherry trees on the Tidal Basin. Check out the parades, kite festival, concerts and more!
- Marine Corps 17.75K- March 25 in Prince William County, VA just outside of MCB Quantico.

Be sure to check out the many fun and exciting local activities for you and your family!

## **Spring Cleaning Safety Tips**

Ready to tackle a few spring cleaning chores?

Don't try to do it all in one day. It's hard to stay safe when you're tired or rushed.  
Lift properly - keep your back straight and lift with your legs. Or find a buddy!  
Be cautious using ladders and step stools.  
Follow cleaning product safety information. Read the label and use as directed.  
Keep cleaning buckets out of reach. A child can drown in a few inches of liquid.  
Clear away clutter to avoid trip hazards.  
Check your fire extinguisher.  
Replace smoke and CO detector batteries.  
If you have questions about your detectors, please contact maintenance.

### **Dishwashers**

Check out a few helpful tips:

If you will not be running the dishwasher right away, lightly rinse dishes before loading. If you will be running the dishwasher, no need to rinse, but scrape food debris from dishes.

Load plates facing the center – so half are facing one way, half the other  
Do not place plates or platters in front, parallel to the front of the dishwasher. This blocks the detergent from getting to the dishes. It's ok to load them along the back.

Dishwashers and sinks share a water line. Run water in the sink until hot, AND THEN start the dishwasher. This helps dissolve the detergent. Use the detergent cup, even with packets, so the detergent is dispensed during the wash cycle.

Different detergents work better in different areas, so ask what your neighbors are using  
Don't buy more detergent than you'll use in three months. It works best fresh.  
Scoop any debris out of the trap or the bottom of the dishwasher after each use  
Consider using a dishwasher cleaner every few months.
