# BOLLING INSIGHTS NEWS & STORIES

## OCTOBER IS RESIDENT APPRECIATION MONTH!

### Our President's Message

Over the past several years, Hunt Military Communities has been focused on forming relationships with groups and organizations which help us to better serve our military families. Blue Star Families, wear blue: run to remember, Operation Homefront, and Stop Soldier

Suicide are a few of the organizations which have enriched our understanding of and services for our military families. I'm pleased to say that we have recently formed a multi-year partnership with The Military Family Advisory Network (MFAN). Through this partnership, MFAN will share the experiences and insight of those residents who live in our communities. In addition to focusing on housing issues, the partnership will also seek to address some of the other challenges faced by military families – specifically food insecurity and intimate partner violence. Hunt has prioritized and has worked diligently to provide the best possible housing for America's Service Members and their families and to improve the overall resident experience. This partnership is a further testament to Hunt's desire to work collaboratively with stakeholders to find real solutions. We know this relationship between Hunt and MFAN will bring much-needed resources to all military family communities. In October, you will see our staff's time and energy poured into the issue of food insecurity as well as gathering as many responses to the Resident Satisfaction Survey as possible so that we can continue to provide the needed services and resources to our military families.

Best,

John Ehle
