Our Community

Let's welcome the summer sunshine together! This summer we'll be hosting our weekly events such as Cold Treat Tuesday and Water Play Wednesday. That's right! Every Tuesday, we'll be handing out popsicles to help you cool off during the hot summer days. We'll also kick off our Water Play Wednesdays this month. Bring the kids out to our Community Center to play on our fun waterslides.

Community Reminders:

- Yard Sales are only permitted on the 1st & 3rd Saturday of each month.
- When walking your pet, it is important that you pick up after pets immediately. All residents are expected to carry a bag to dispose of pet waste.
- Littering is prohibited.
- Trash cans are to be stored outside of public view.
- All grills must be used a minimum of 25ft from the building structure or combustible source.

Get Ready! Next month we'll be hosting our Splash Park event! Mark your calendar for Saturday, 30 July. Additional details to follow.

Hunt Update

Summertime – and moving's never easy...

June brings warm weather, the end of the school year and MOVING VANS! Let's show our new neighbors our great sense of community and welcome new families. There's nothing like a smile and freshly baked cookies, or a pitcher of iced tea, a pot of coffee or a chilled adult beverage to make a new family feel at home.

Ensure new neighbors are included in block parties or potluck meals. Introduce kids to others their age. It's much nicer to have someone to hang out with during the summer.

Our community is uniquely situated to welcome newcomers. It's a great way to model empathy to our children and perhaps make some new friends.

Maintenance

Water Awareness and Summer Safety

No matter where you live, summer and water seem to go together. Here are a few items to keep in mind this season:

With mosquitoes on everyone's mind, eliminate standing water areas, such as bird baths, kid's toys, pails, wading pools, plant saucers or other places where water may accumulate. A child can drown in just a few inches of water in a bucket – adult supervision is essential when kids are around water.

It's also prime time for open windows. Keep in mind that window screens keep bugs outside – they don't keep kids inside. Ensure children are supervised when windows are open and keep furniture which could be climbed away from windows. It's tempting to use the dresser drawers as steps, for example, so be mindful that kids may use furniture in unexpected ways. Check that any blind cords hang freely – they shouldn't be knotted or tied to prevent strangulation. If you have concerns, please contact maintenance.
