## Our Community

Just because the month of February is shortest month, doesn't mean it can't be the most fun month of them all! There are so many celebrations such as National Wear Red Day to support the awareness of heart disease, Valentine's Day, Mardi Gras, Groundhog Day, Presidents Day, and of course, the Super Bowl! To help celebrate, we'll be hosting a variety of community events and we'd love for you to join us! Check out our events under the "Resident Events" sections below. We look forward seeing you and your family soon!

Did you know that Groundhog Day is February 2, 2017? According to legend, if Punxsutawney Phil sees his shadow, there will be six more weeks of winter weather. Visit Punxsutawney, PA for the live event or watch it on a website at <http://www.groundhog.org/>. Tell us, are you wishing for a longer winter or are you ready to break out the sunscreen and enjoy the warmer temperatures?

Valentine's Day is right around the corner!  
Share any special plans you may wish with us on  
our Facebook page

### Hunt Update

#### Valentine's Day

Valentine's Day can be so much more than candy and flowers. How about taking care of your heart? Find a workout buddy and work out together. Insert a few more good-for-you meals into your rotation. Taper off holiday sweets by making every other day treat-free. Try an unfamiliar fruit or vegetable.

Take a walk. Short distances add up, and even one with many stops for dogs or kids is better than nothing. Bundle up and get outside on cold, sunny days – you'll feel better!

### Maintenance

February seems so long for a short month...

Let's talk about winter driving. Whether that means rain or snow in our area.

- Slow down and leave plenty of room between you and the car in front of you
- Stopping distances increase – slow down for intersections, turns and other traffic early
- If you skid or hydroplane, look and steer in the direction you want to go. Avoid sudden braking.
- Accelerate and decelerate slowly
- Avoid using cruise control on wet or slippery surfaces
- Ensure tires are properly inflated
- Carry an emergency kit
- Always wear a seat belt
- If conditions warrant, stay home
